

Endurance22 Diorama Project

Instructions

1. Read the articles "[Antarctic Wildlife: Birds, Seals and Whales](#)" and "[Antarctic Wildlife: Creatures of the Deep](#)." You may also read "[Antarctic Wildlife: Penguins](#)."
2. When you finish reading, complete a [planning sheet](#).
3. Use the drawings on your planning sheet to create a diorama that represents an ecosystem you read about. Use whatever materials you have— here are some ideas:
 - a. Shoe box or regular box
 - b. Construction paper
 - c. Cardboard
 - d. Aluminum foil
 - e. Cellophane
 - f. Crayons
 - g. Markers
 - h. Colored pencils
 - i. Glue sticks
 - j. Scissors
 - k. Toothpicks

**Endurance 22 Diorama Project
Planning Sheet**

Circle all the ecosystems that can be found in Antarctica.

Coastal/Mediterranean

Desert

Deciduous Forest

Evergreen Forest

Marine (undersea)

Mountains

Plains/Grassland

Polar

Tropical Rainforest

List any animals you know that live in Antarctica.

Draw a scene from one of these ecosystems and include the animals that live there:
