The ice was here, the ice was there,

The ice was all around:

It cracked and growled, and roared and howled,

Like noises in a swound!

At length did cross an Albatross,

Thorough the fog it came;

As if it had been a Christian soul,

We hailed it in God's name.

It ate the food it ne'er had eat,

And round and round it flew.

The ice did split with a thunder-fit;

The helmsman steered us through!

And a good south wind sprung up behind;

The Albatross did follow,

And every day, for food or play,

Came to the mariner's hollo!
