

Name: \_\_\_\_\_

# Podcast Project

## Planning Sheet

### Instructions:

You will create a podcast about an adventure you had. No adventure is too small! You can choose a vacation, that time you went to the grocery store or even an exciting adventure novel you read. Just make sure you are creative!

### Brainstorm:

Use the space below to list adventures you've had:

Now that you've listed your adventures, circle the one that you want to make a podcast about. Then, write a title for your podcast below.

**My podcast's title:** \_\_\_\_\_

Who will talk in your podcast? Just you? Will you interview anybody? List all the speakers below.

Will you have any sound effects or music on your podcast? If yes, list them below.

# Podcast Project Planning Sheet

Good storytelling has 5 parts:

*Plan each part of your podcast below. You can write a script or just take notes on what you plan to say.*

Exposition (Introduction):

Rising Action:

Climax:

Falling Action:

Resolution (or conclusion):

# Podcast Project

## Instructions For Educators

There are many ways to scaffold this project for the grade level(s) you teach. For example, You could:

- Record & edit a podcast as a class
- Have students record a few clips of audio on their own and share with you
- Have students create an entire podcast by themselves or in groups by recording multiple audio tracks and adding background music

Anchor FM: If you choose to create a podcast with multiple audio clips and background music, we recommend **Anchor FM**, a free and user-friendly podcast creation app available for iPhones and Androids.

For more information on using Anchor FM, visit their website [here](#).

Voice Memos/Voice Recorder: If you choose to simplify this project and have students simply record audio clips, but not edit an entire podcast, we recommend **Voice Memos** for iPhones or **Voice Recorder** for Androids.

Questions? Send us an email at [educators@reachtheworld.org](mailto:educators@reachtheworld.org).
