

REACH THE WORLD

Bringing the World into Classrooms

Name: _____

Class: _____

Date: _____

Design Based Thinking: *Prototyping*

Directions: Work on a prototype for a problem that you've experienced using the flows in this worksheet.

What is the problem you plan to work on?

Has this problem impacted your life? If so, how? If not, who has it impacted and how?

Have there been any attempts to solve this problem? If so, write them below.

REACH THE WORLD

Bringing the World into Classrooms

Name: _____

Class: _____

Date: _____

Begin drawing a prototype for the solution to your problem. Label each part of the prototype, then write a description for what the prototype does below.
