

Name: \_\_\_\_\_

Class: \_\_\_\_\_

Date: \_\_\_\_\_

### Diorama Project

**Directions:** Read the articles, "[Antarctic Wildlife: Birds, Seals and Whales](#)" and "[Antarctic Wildlife: Creatures of the Deep](#)." You may also read "[Antarctic Wildlife: Penguins](#)"

#### Planning

1. Circle all the ecosystems that can be found in Antarctica:

Coastal/Mediterranean

Evergreen Forest

Plains/Grassland

Desert

Marine (undersea)

Polar

Deciduous Forest

Mountains

Tropical Rainforest

2. List any animals you know that live in Antarctica:

3. Draw a scene from one of these ecosystems and include the animals that live there:

# REACH THE WORLD

Bringing the World into Classrooms

Name: \_\_\_\_\_

Class: \_\_\_\_\_

Date: \_\_\_\_\_

**Directions:** Use the drawings on your planning sheet to create a diorama that represents an ecosystem you read about. Use whatever materials you have— here are some ideas!

- a) Shoe box or regular shipping box
- b) Construction paper
- c) Cardboard
- d) Aluminum foil
- e) Cellophane
- f) Crayons
- g) Markers
- h) Colored pencils
- i) Glue sticks
- j) Scissors
- k) Toothpicks

## Classroom Examples
